Remember to Vote Tuesday!

ORINDA SUN

VOL. VIII, NO. 19 — LAFAYETTE — ORINDA, CALIFORNIA — FRIDAY, JULY 21, 1950 — TEN CENTS

You've a Date on Tuesday--to VOTE!

AN EDITORIAL

Expansion—that one word could be said to sum up the phenomenal growth of this area. Population has jumped by far more than the proverbial leaps and bounds, and with this tremendous increase have come the many problems and growing-pains of an expanding community.

Perhaps the most important of these problems is that of educational facilities in the Orinda School District. Nothing less than the future of America is at stake, for the pupils at the district's schools are future citizens of our country.

It is heartening that Orinda organizations and individuals have shown their awareness of this problem by endorsing the $400,000 Orinda school bond election of next Tuesday, July 25. But this good omen is not enough, if the school district is to have funds with which to meet the rapid increase in student enrollment, without having to hike the tax rate.

The way the number of students in the district has increased, it can conservatively be stated that two additional schools will be necessary in the next six years. So, in addition to endorsements and splendid verbal support, the residents of Orinda, if they have the interests of their children and their community at heart, must be sure to VOTE for the bond issue next Tuesday.

This newspaper has closely followed all the developments in this problem and has made a careful study of it—and the Orinda SUN wholeheartedly endorses the proposed bond issue and urges its readers to vote for the bonds.

Don't depend on your neighbors to do it for you. Every vote counts, and it is your duty to vote, whether you are for or against the bond issue. But we hope you will vote FOR it.

Remember, the polls, at the Orinda Grammar School, will be open from 7 a.m. to 7 p.m. You have a date with our future citizens next Tuesday, July 25!

REDWOOD INN, pictured here amid its peaceful and picturesque surroundings in Old Redwood Canyon (shown on some maps as San Leandro Canyon), stands on the site of Ike Bottomley's Saloon. Built less than 50 years ago by George Lidikson, who still lives in Canyon, the store and hall are now owned by Grace and Joe Knipe. A century or so ago this area was part of vast lumber country, and three saloons thrived — Bottomley's, Bowen's near Madrone Park and Hansen's Hotel, called "Redwood Inn," about a quarter of a mile from the present Redwood Inn. Rough-and-ready is a fitting description of those days, when Diamond Jim and Joaquin Murietta visited here, Jim Corbett trained here and "White Hat" McCarty raced horses from Hayward to Canyon . . . Large herds of cattle roamed the hills, and the present E.B.M.U.D. heavily wooded property on the south side of the canyon was called "El Rancho Lagundo De Los Palos Colorado." SUN Photo by Laviscis

School Bond Election Next Tuesday; Expansion Need Told at Public Meeting

Twelve hours next Tuesday—7 a.m. to 7 p.m.—will decide the fate of the Orinda School District, so far as the school board's plans for systematic improvement and expansion of educational facilities for the next several years are concerned.

The July 25 election by voters of the district, during those hours at the Orinda Grammar School, will be on the question of whether the school board should be authorized to issue $400,000 in bonds, to be spread over a five-year period, for purposes of expansion.

Official canvass of ballots will be made by the school board August 1, when, at the same gathering, the trustees will hold their regular monthly meeting and will conduct a public hearing on the school budget for the coming school year. The session will start at 8 p.m., and will be at the Orinda Grammar School.

Community interest in the election and the problems involved was shown by a well-attended public meeting last Tuesday night at the school. Arranged by the school board, the "town hall" gathering was marked by detailed explanations by school board members and by many questions from the floor.

NEW SUPPORT

At this meeting, President Lyle York of the Orinda Taxpayers Association read a statement by the Board of Directors of his organization endorsing the school bond issue. (See story, this page.) This support was the latest in a series of organizational endorsements, previous backing having come from the Orinda Association's Board of Directors, the Orinda Association's Civic Affairs Committee, the Orinda Mothers Club and the Orinda Chamber of Commerce.

Chairman of Tuesday night's community meeting was William Fleager, school board president. Speakers included Board Members Seaver Ballard, Mrs. Joan Erikson and Edgar Stewart. Board Member Ritchie Smith was on his vacation.

NO OPPOSITION

School Superintendent Joseph L. Sheaff, who was present as a spectator, commented later that it was significant that despite the many questions asked by the audience, no opposition was voiced to the proposed school bond issue. The questions were answered by President Fleager.

Ballard discussed the present enrollment and the anticipated enrollment for the next six years, pointing to the fact that at the present rate of pupil increase two new schools will have to be built in that period. Enrollment this past school year was 770, an increase of 134 pupils from the previous year. Conservatively estimating an average increase of 120 pupils per year, Ballard, on the basis of 30 pupils per class, predicted a shortage of classrooms for the next two years. An additional school by 1952-53 and another by 1954-55 would see the district through 1955-56, he said, if the rate of pupil increase did not materially go beyond expectations.

EDUCATIONAL PROGRAM

The educational program which the board would like to carry out for the district was presented by Mrs. Erikson, clerk of the board. A "better than minimum" program is the perspective, she stresesd, explaining that the board wishes to provide space for classes in art, science, music and industrial arts as part of the regular school setup. Declaring that the board has done a good job so far, she pointed out that it is necessary for new buildings to be constructed as healthful units, with plenty of light and ventilation.

Stewart dealt with the estimated assessed valuation of the school district for the next six years, and went into such matters as bonding capacity, bond tax rates, operation tax rates and the method of issuing the bonds if they are approved next Tuesday. If the bond issue fails of passage, he warned, the only alternative would be to increase the tax rate.

FUTURE RESIDENTS

"The bonds are a necessity in order to keep the tax rate from going up," he declared. "Furthermore, if we just pay for improvements as we go along, out of district taxes, it will mean that we here will be paying for certain improvements, but that future residents, who will benefit by any expansion, will not. Under the bond issue, future residents will assume their share of financial responsibility."

Explaining that the district's bonding capacity is based on the 5 per cent legal limit, Stewart predicted that the district's assessed valuation would probably jump as follows: 1950-51, $9,000,000; 1951-52, $9,500,000; 1952-53, $10,000,000; 1953-54, $10,500,000; 1954-55, $11,000,000; 1955-56, $11,580,000.

SPREAD OF BONDS

Spread of issuance of the proposed bonds, and the contemplated expansion which would be made possible, were explained by Stewart as follows:

1950-51, $40,000, purchase of land; 1951-52, $140,000, start of construction of new school; 1953-54, $95,000, start of construction of a second ne wschool; 1955-56, $125,000, completion of presently planned program.

Civic Affairs Body Tackles Problems Of Student Safety, Civilian Defense

Problems ranging from traffic hazards to the civilian defense setup were discussed at Monday night's meeting of the Orinda Association's Civic Affairs Committee at the Orinda Grammar School.

With Edgar Stewart presiding in the absence of Chairman Bob Clough, the almost two-hour session recommended the following actions to the association board of directors:

1.—Follow through of the request for a stop-sign at the corner of Loma Vista and El Toyonal, to see if some action can be taken by the county.

COMMUNITY CENTER

2.—Rechecking the procedure necessary to make the Orinda Community Center a welfare-type of corporation so as to be tax-free.

3.—Sending a letter to the trucking companies urging them to adjust their schedules to other hours than 7 a.m. to 8 for traveling on the state highway between Lafayette and Oakland, through Orinda.

4.—Reinvestigation of the possibility of either moving the 25-mile speed zone farther south on Moraga Highway, putting a stop-sign at Northwood, or placing a warning to slow to 25-mile speed farther south on Moraga Highway.

5.—Requesting the county or property owners to put in curbing along Moraga Highway to the Land building, so as to halt motorists' parking in the sidewalk area from Black's Market to the Land building.

6.—Checking on the civilian defense setup in the county, and formation of a disaster committee with specific duties to perform.

Stewart reported that the Orinda School Board, of which he is a member, had discussed the association's recommendations for traffic safety in relation to school children.

The school board, he said, will try to have a sidewalk on the opposite side of the highway and a crosswalk over to the sidewalk, with crossing lines clearly defined. Superintendent Joseph L. Sheaff will check on the possibility of a local service club donation for the metal figures to be used in warning signs near the school, Stewart added.

The association's Board of Directors will meet July 31, 8 p.m., at the Orinda Grammar School.

Meet of Adult Administrators Set for Oct. 10

Next meeting of the Contra Costa County Adult Administrators' Association, following its summer recess, will be held October 10 in Martinez.

New officers are David Stewart, director of adult education, Acalanes High School, president; Woodrow Snodgrass, principal of Richmond Evening High School, vice-president; Floyd J. Marchus, director of research, county school superintendent's office, secretary-treasurer.

A. C. Flenners Have Visitors from Chicago

The A. C. Flenners of 52 Acacia Drive have been entertaining Mrs. Flenner's brother, Dr. Herbert Dangremond, wife and sons Donald and Richard and Tommie of Chicago. They have driven them to interesting places in the Bay Area, and also to Sacramento and to Yosemite.

Orinda Mills Club Has Summer Social

Summer get-together of the Orinda Mills Club was held last week at the home of Mr. and Mrs. Del Fager on Orchard Road.

The guests enjoyed the swimming pool, and later a potluck dinner. Those who attended were: Messrs. and Mesdames Randy Inge of North Lane, Russell Gilwee of La Cuesta, Richard Copenhagen of Daryl Drive, Stewart Henderson of Loma Vista, Dale Nelson of Irvine Drive, Kirk Miles of La Plaza, Ben Randall of Valley View Drive and Robert Bigler of El Verano, and the host and hostess.

FOLK DANCE GROUP

Santa Fe Revelers have intermediate folk and square dance instruction every Friday evening, 7:30 to 10:30, at the Santa Fe School, 54th and Market Streets, Oakland, with instructor Larry Miller. Friday evening, July 28, is party night and a program of old and new folk dances, squares and exhibitions is planned.

White Pleads Not Guilty on Battery

Further preliminaries to the trial of his divorce suit against his wife have been provided by the charge of battery preferred against C. Wadsworth White, well-known Orinda and Oakland attorney, by Mrs. Dorothy Hallford White.

White, who is 37, pleaded not guilty to the charge Wednesday, when he appeared before Judge Clifford Thomson in Walnut Creek. Trial was set for 2 p.m. August 16.

Mrs. White, 34, who is being sued for divorce by White on grounds of cruelty, accused her husband of striking her when she found him ransacking her Orinda home.

By order of Superior Judge Homer W. Patterson, Mrs. White is allowed to remain at the family home at 1 Las Vegas Road. She also has temporary custody of the two children and she has been awarded temporary alimony of $100 a month.

Modern Dancing Classes Given at Orinda Park Pool

Modern dance classes are now being held at the Orinda Park Pool. Nancie Miller, who has been majoring in dancing at Bennington College, Vermont, is the instructor. All classes are free to Park Pool members.

Schedule of classes is: Tuesday (14 years and over), 10-11 a.m.; Wednesday (6 to 10 years), 10:30-11 a.m.; Wednesday (11-13 years), 11-11:30 a.m.

A community supper for club members will be held tonight, with square dancing to follow at 9 p.m.

Next Friday night, July 28, another of the popular Friday night dances will be held at 8:30. Members are asked to bring their favorite records.

A Week for Penfields At Huntington Lake

Mr. and Mrs. George Penfield and Mrs. Penfield's sister Roxie, Mrs. Paula Collings and Karen spent a delightful week at Lake Shore Lodge on Huntington Lake. The days were spent in boating, hiking, swimming, fishing and resting daytimes, and in enjoying the evening campfires, folk and ballroom dancing.

Service Sunday By Rev. Matthews

Rev. Godfrey Matthews will conduct the four church services of the Orinda Community Church beginning this Sunday during the absence of Rev. Fred Morrow.

The regular summer schedule will be followed, with children and adults meeting for a half hour together at 10 o'clock, after which the children go to their classes.

Rev. Matthews was formerly pastor of Eden Church, Hayward.

Mariolle Wins $1 For Sun News Tip

"There's a bad smash up near Charles Hill . . . people hurt . . . several cars involved"

This news tip to the SUN early this week won for Gaston Mariolle a $1 check

The SUN is offering $1 each week to the best news story or tip called or brought in. The editor emphasizes that it need not be a "spot news story"; that is, a fire, accident or similar emergency.

Just as eligible are stories of unique events, true anecdotes, short or long features, reports of meetings, unusual social events — anything that makes interesting reading.

And don't forget, the SUN is your newspaper, and is here to print news of YOU and YOUR organizations.

"In a community of our size, people are interested in what their fellow townspeople are doing," the editor stressed. "Please call or write in news of parties, trips ,births, weddings, meetings. We consider our readers as our reporters."

Taxpayers Association Declares School Bond Issue Is Necessary

Here is the statement issued by President Lyle York on behalf of the Orinda Taxpayers Association, endorsing the proposed $400,000 Orinda school bond issue:

"The Board of Directors of the Orinda Taxpayers Association endorsed the passage of the $400,000.00 Orinda school bond election at a recent board meeting.

"Mr. Barlow Hollingshead, well known tax analyst, prepared, at the request of the Taxpayers' Association board, an analysis of the need for the proposed building program. His independent study disclosed that the present school facilities (including the rooms now under construction) are only adequate for the current enrollment. A conservative estimate of the future growth of Orinda, based on a continuance of the average increase in attendance of 116 pupils per year for the past four years, indicates a need for 14 new class rooms to be built during the next five years.

"The Taxpayers' Association board made a thorough study of current school construction costs and reached the conclusion that $400,000.00 is not an excessive amount for the work needed.

"The School Board has assured us that if the bond issue carries, they will reduce the current operating tax rate, since it will be no longer necessary to make capital expenditures from funds raised by the current rate of $1.35.

"In the light of the facts brought out in this study and obtained in a joint meeting with members of the school board, the Board of Directors of the Orinda Taxpayers' Association has endorsed the passage of the Orinda School Bond issue of July 25, 1950."

12-15 Club Maps Its Benefit Plans

Eighteen members of the 12-15 Club met last week at the home of Mrs. George Hickok for brunch, deliciously cooked by the hostess. Plans were discussed for the raising of funds for the coming year's benevolences, while all sewed on the layettes. These each consist of 12 diapers, two blankets, two kimonas and two shirts. Twenty of these sets are given the Booth Memorial Hospital every year.

In the afternoon canasta was played and a surprise birthday cake and ice cream were served. The cake honored those five members who have birthdays in July and August.

The 12-15 Club is also making canvas sand bags for use in the Therapy Center in Lafayette and expects to give more help to the Juvenile Court Center, Martinez.

St. Clairs Spend Two Weeks at Laguna Beach

The Kenneth St. Clairs spent two weeks recently at Laguna Beach. With them were Mrs. St. Clair's mother, Mrs. Henrietta Boye, also of Orinda.

What, No Fires? Right! Total Is Nice, Round Zero

Zero is a nice, round, fat and utterly delightful figure, when it reflects a complete lack of fires.

At least that's the attitude shared by the Lafayette and Orinda fire departments, both of which reported exactly NO fire calls for the seven-day period ending at 11 a.m. yesterday.

What made this all the more noteworthy was the fact that this is still very much fire-danger season, with warm weather, dry grass and occasional winds contributing to the necessity for extra precaution by residents. Apparently such precaution was observed, including the obtaining of required permits for all open burning.

Why Orinda Schools Need Money--Here's Bond Chart

Just why the Orinda School District needs that $400,000 bond issue which will be voted on next Tuesday, and how the bonds will be spread over a five-year period, are graphically shown by the following figures. School Trustee Edgar Stewart read and explained these figures to last Tuesday night's public meeting at Orinda Grammar School.

Year	Attendance (Projected)	Assessed Valuation (Projected)	Bond Capacity	Outstanding Bonds	Proposed New Bonds	Bond Tax Rate	Total Tax Rate	Operation Tax Rate
1950-51	890	$ 9,000,000	$450,000	$314,000	$ 40,000	.313	$1.503	$1.19
1951-52	1010	9,500,000	475,000	295,000	140,000	.313	1.203	.89
1952-53	1130	10,000,000	500,000	276,000		.392	1.282	.89
1953-54	1250	10,500,000	525,000	257,000	95,000	.387	1.277	.89
1954-55	1370	11,000,000	550,000	237,000		.396	1.286	.89
1955-56	1500	11,580,000	579,000	217,000	125,000	.389	1.279	.89

Arctic Sun Shines For Midnight Swim

Vernon Lucas and Dick Spight, who left for Alaska several months ago, have had some very interesting experiences. Writing home to their parents, they've told of some of the sights they've seen.

Several weeks ago they flew to the Arctic Circle, and Vernon believes he has been to the top of the world. On their way up they saw a heard of caribou which seemed to cover most of a mountainside. Also, two bears and moose were spotted.

MIDNIGHT SUNSHINE

They left the Fairbanks airport at 10 p.m. and reached the Arctic Circle Hot Springs Lodge at midnight, in time for a swim — with the sun shining!

The Arctic Circle Hot Springs Lodge is on the furtherest northern road on the American continent. From there they flew to Circle City. This town consists of about 20 huts. Most of the inhabitants are fur-trapping Indians.

FISHING TRIP

Recently they drove to Paxon Lake, 185 miles south of Fairbanks, for fishing. Vernon, after catching a seven-pound trout, reports that the fish really put up a good fight.

Vernon and Dick are working for the Morrison and Knudson Construction Company, and are planning to stay until September.

JC Arranges for Buying Supplies

The Board of Trustees of the Contra Costa Junior College District approved a lease agreement with the Richmond Union High School District, with the option to purchase the equipment and supplies at the Richmond Trade Technical School, at a meeting held Monday night in Martinez.

The total purchase price of $32,-270 ncludes the equipment and supplies which will outfit the cosmetology ,mill cabinet, auto body and fender repair ,radio, plumbing, electricity, and carpentry shops included in the program of the school. The Junior College recently took over the direction of the trade-technical school from the Richmond district.

Elton Brombacher Rchmond, president of the board, ndicated that the Richmond Union High School District was turning over the equipment and supplies at actual cost.

The board also considered the possibility of starting a Family Life Center in the Concord area. Fred Abbott, Brentwood, secretary of the board, suggested that the board, because of the general interest shown throughout the county, establish a policy as to where and when Family Life Centers will be started. The Junior College now has one center in Richmond. The trustees voted to consider the matter at greater length at their next meeting on July 24.

The board employed the following teachers as of September 1, 1950: Almira Kutzer, nurse, from the University of California; David P. Marin, journalism and communications, who taught at Brooklyn College; Martin P. Weissman, teacher-counselor, from the University of California; Sam Poston, teacher of auto body and fender repair, from Modesto Junior College.

The following teachers at the Richmond Trade Technical School were added to the Junior College faculty: Lorraine Bush, cosmetology; Martin Connolly, social studies; Herbert Day, auto mechanics; Severin Enstad, carpentry; Frances Gehrig, cosmetology; Grant Hooper, social studies; Orley Innes, mill cabinet; James aMtheson ,plumbing; Stanley Richardson, radio; Arthur Williams, electrical, and John Wixon, counseling.

Ask County Take Over Streets in Moraga Del Rey 1

Whether or not the streets in Moraga Del Rey, Unit 1, should be accepted as county roads is a question being studied by County Surveyor Joseph W. Barkley and Supervisor Jack Cummings.

A request from the Moraga Del Rey Community Association asking the county to take over the streets in the area came before the Board of Supervisors at its regular weekly meeting in Martinez Monday.

The board referred the request to Barkley and Cummings for further study.

On recommendation by the Planning Commission. the board granted Mrs. V. Angella permission to have a five-foot side yard for a garage, Lot 5 and a portion of Lot 4, Lafayette Gardens, fronting on Elizabeth Street, Lafayette.

Highway Growth Results in Call For Engineers

Highways of California are expanding to keep pace with the commercial and agricultural growth of the state, resulting in a need for additional associate and assistant bridge engineers.

The Bridge Department, Division of Highways, this week announced personnel is being sought for the department, and the State Personnel Board is scheduling competitive examinations.

The board's recruitment section announces the positions of assistant and associate bridge engineer offer professional opportunity for graduate civil engineers, who have until August 5 to file application for the examinations set for August 26 at cities throughout the state.

Official applications and information may be obtained from State Personnel Board offices at 1015 L Street, Sacramento; 305 State Building, Los Angeles; or 107 State Building, San Francisco.

Going to Hunt Deer? Get That License!

With the August 7 opening of deer hunting season just around the corner, the Division of Fish and Game has issued a reminder to California hunters that 1950-51 hunting licenses are now on sale in five division offices and 3,000 licensing agencies.

The permits are required for all types of hunting after July 1.

Printed copies of the complete 1950 hunting regulations are now available with each license purchase.

Out-of-state nimrods will feel the effects of a new legislative ruling which boosted their license fee from a reciprocal minimum of $10 to a flat $25. Nonresidents citizens will also be charged $10 for deer hunting tags.

Resident citizen license fees remain the same as in 1949: $3 for hunting license; $1 for deer tags, and $1 for pheasant hunting tags.

Another legislative innovation put nine game shipping tags on each new hunting license. The detachable permits must be used when a daily passession limit of quail, pheasants or doves is offered for common carrier shipment.

W. B. Adams, residence and garage, Moraga Manor, Ptn. 34 and 35, Scenic Drive and Orchard Road, $8,600.

Von Guenthner and Radonich, residence and garage, Moraga Meadows, Lot 108, Glorietta Boulevard, $7,908.

E. J. Bergeron, Moraga Del Rey, three residences and garages, Lot 43, 43, 44, Francisco Court, $8,940.

Wallace E. Davis, residence and garage, Moraga Meadows, Lot 82, Overhill Road and Daryl Drive, $9,000.

J. G. Brown, private garage, Moraga Meadows, Lot 3, Overhill Road and Hillcrest Drive, $960.

P. Barrett, residence and garage, Moraga Woodlands, Lot 87, Crest View Court and Crest View Drive, $10,282.

Blood Bank Setup Is Being Readied By Medical Group

California's non-profit, community blood banks have offered their facilities for the procuring and processing of blood for overseas shipment. The California Medical Association's Blood Bank Commission, chairmaned by Dr. John R. Upton, M.D., of San Francisco, yesterday notified the Office of the Secretary of Defense that the regional blood banks are prepared for complete cooperation with defense planning.

A similar offer of cooperation was sent to Governor Earl Warren, together with the advice that the Blood Bank Commission would stand ready to provide the services of a qualified expert on the State Civilian Defense Committee.

'Pun My Word, the Weather's Nice . . .

Whether it's deceptive preliminary mildness getting us off guard for imminent swelterings, or whether it's pleasantness we can expect to continue for some time isn't revealed by the past week's temperature readings in Lafayette and Orinda. But the result has been agreeable, anyway.

Proving, no doubt, that there's no "whether" about the weather. (Hah! That would-be pun is doubtless the result of the recent heatwaves.—Editor.)

The high-and-low thermometer at the home of Mrs. Howard M. Smitten disclosed that for the week of July 12-July 18, inclusive, Lafayette enjoyed its coolest night on the 12th, when the mercury hit 52. Last Saturday registered the warmest temperature, 94—almost an Arctic delight, compared to the soarings of a couple of weeks ago.

Orinda went up and/or down a few notches from the Lafayette recordings, depending on which end of the thermometer was considered. Arthur Bowman, cooperative observer for the U. S. Weather Bureau, reported a high of 95 last Saturday and a low of 46 on the night of the 12th, for the same week.

Retail Sales Up By 50 Million

Reversing a year's trend, taxable retail sales in California exceeded 2½ billion dollars and topped first-quarter 1949 sales volume by almost 50 million dollars, or 1.9 per cent, according to information released by James H. Quinn, Second District member of the State Board of Equalization.

The first retail sales upswing in 15 months brought the sales column for the quarter to within 67½ million dollars of 1948's first-quarter all-time high and produced $76,585,120 in sales taxes for the State General Fund.

37.44% Jump In Documents

A 37.44 per cent increase in the number of documents recorded in the first half of 1950, as compared to the same period last year, is reported by County Recorder Ralph Cunningham.

The recorder's office handled 32,295 documents during the first six months this year and collected $97,707.75 in fees as against 23,495 documents and $58,357.50 in fees for the first six months of 1949.

4 Seriously Hurt In Head-on Crash Near Charles Hill

A head-on crash of two cars on Mt. Diablo Boulevard east of Orinda Crossroads, near Charles Hill, resulted in serious injury to four persons late Monday.

At Permanente Hospital as the result of the accident were Mrs. Mabel Lewis, 64, 2486 Shattuck Avenue, Berkeley; her daughter, Mrs. Leota Crowe, 25, 2409 Carleton Street, Berkeley; Morris Nelson, 64, of San Diego, and his wife, Mrs. Nora Nelson, 56.

LISTED AS CRITICAL

Mrs. Lewis and Morris Nelson were both listed as in critical condition at the hospital. Mrs. Lewis, a passenger in the car driven by her daughter, suffered a fractured jaw, wrist, hip and right ankle. Nelson, driver of the other car, received fractures of both arms and legs.

A fractured jaw and possible internal injuries were sustained by Mrs. Crowe, while Mrs. Nelson suffered a fracture of the right leg and possible fractured ribs.

HITS DIVIDING STRIP

According to the California Highway Patrol, the car driven by Mrs. Crowe, traveling west, apparently got out of control after striking the highway dividing strip, then swerved off its path and smashed head-on into the Nelson car.

Nelson, a retired carpenter, and his wife were on their way home to San Diego after vacationing in the Bay Area with relatives.

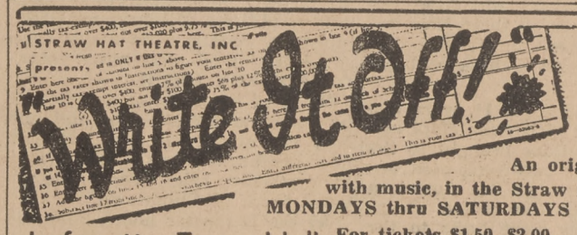

Springhill Road Irked By Magazine Salesman

Residents of the Springhill Road area complained this week that a magazine salesman, apparently the same one reported in Hidden Valley recently, has been carrying on his objectionable solicitation there. General resentment is felt over his method, which is said to include misrepresentation of prices.

'Prize Shoot' at St. Mary's Sunday

Local nimrods are invited to the public "Prize shoot" Sunday at St. Mary's College, to start at 10 a.m. Sponsored by the Rock Ridge Gun Club of Berkeley, with Paul Merril in charge, the event will feature a "running deer shoot" with a plywood imitation deer, moving on a 100-foot cable, as target. Any legal deer rifle may be used.

Arles, Alph Visit Orinda; Swap Lore Of Bow and Arrow for Basketball Savvy

Arles Talaswaima and Alph Secakuku are back on their Hopi Indian reservation in Arizona, but they won't forget Orinda and the Bay Area.

Arles, 14, and Alph, 11, were two of 15 boys and girls from Hopi and Navajo reservations brought to the Bay Area for a two-week visit under the auspices of the American Friends Service Committee. Cooperating families were hosts to the Indian youngsters.

TWO LOCAL FAMILIES

The two local families that acted as hosts were the George Vurek family of Vallecito Lane, with whom Arles stayed, and the Everett Dempster family of El Toyonal, whose guest Alph was. The boys left for home last Friday morning.

This experiment in interchange of two diverse cultures brought the two lads here from the village of Shipaulovi, on the second mesa of the Hopi reservation in Arizona. The Vurek and Dempster families spent two busy weeks with the boys; like the other host families, they took their guests sight-seeing and experienced the thrill of seeing them react to their first sight of the ocean, animals at the zoo and the Golden Gate Bridge.

By local standards extremely reserved and reticent to the point of seeming unresponsive, Arles indicated excellent mental and physical ability. In the company of Jerry Vurek, he quickly learned to swim, to play table tennis, to build model airplanes.

RESERVE MELTS

Reserve melted somewhat with the first experience of riding a boat on San Francisco Bay. Complete melting came on going aloft in an airplane, looking down on large areas of water and a land of trees and green growth far different from his desert homeland.

Apricots, corn, melons and squashes growing in Orinda were familiar to Arles, the Vureks learned, though in his own land these are grown under extremely difficult conditions of minimum desert moisture, requiring in many cases small cultivated plots miles apart.

CUSTOMARY CALM

Much of the cooking experienced by Arles during his visit undoubtedly was strange to him, but each new preparation was received with his customary calm, even to the unusual foods of Chinatown.

At the Dempster home, Alph, although somewhat uncommunicative conversationally (perhaps due mainly to his difficulty with English), became quite friendly with the two Dempster children, Philip, 11, and Iris, 14. Philip taught Alph how to play basketball and marbles, while Alph taught Philip the intricacies of bows and arrows.

FERRY BOAT TRIP

Stinson Beach, Muir Woods and a ferry boat trip across the bay were some of the highlights of Alph's visit. "He was a most agreeable child," Mrs. Dempster said. Alph has two brothers, aged 2 and 13.

No doubt Arles and Alph, back on the reservation, are now comparing notes on their enjoyable visit, but while here they saw each other only twice, so occupied were they in activities with their respective hosts.

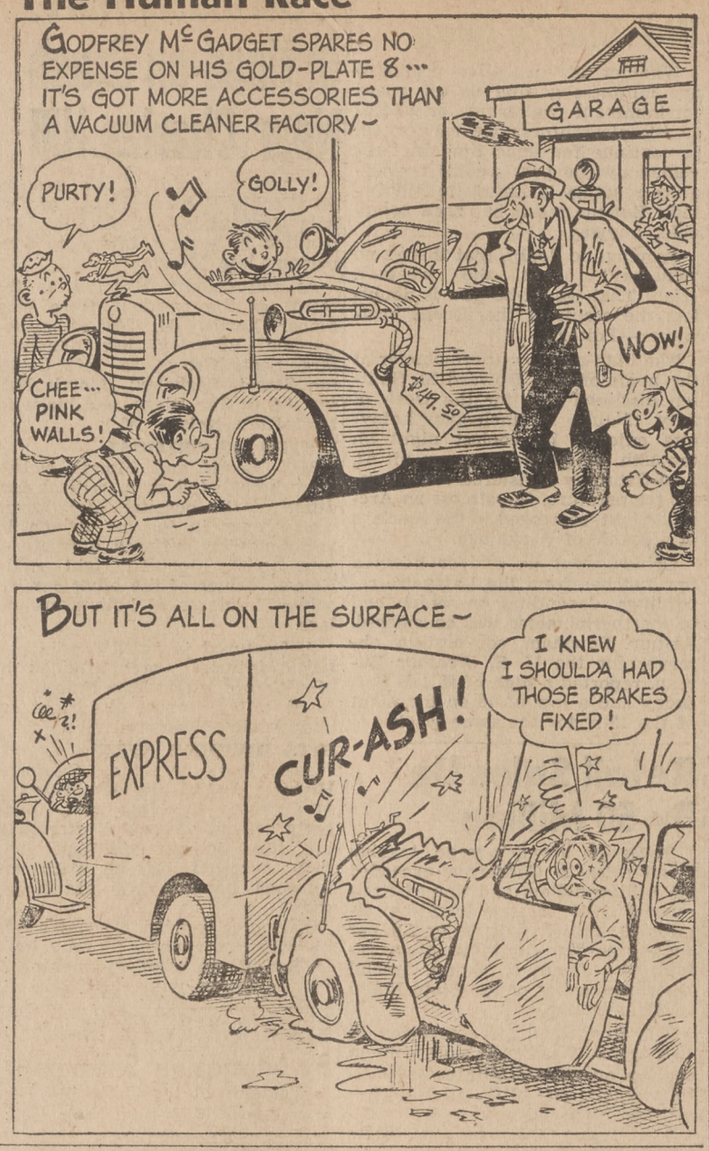

A good deal of common ground was discovered by the Vureks and their visitor. At the reservation school, baseball is played. Boys help with the dishes only under duress, preferring the men's work in the garden plots, if work is required.

ICE CREAM

A common and apparently basic liking for ice cream, cake, soda water, peanuts, popcorn, hot dogs and candy was evident. Arles belongs to a reservation Boy Scout troop.

The common denominator, in the beginning and in the end, disheartenlingly enough to some people, is the comic book, with Red Ryder and Little Beaver holding an important position of interest.

The Human Race

Where Is the Wandering Slot Tonight?

How fare the lonely slots this officially slotless week?

Not good, thank you — in fact, very poorly — in Contra Costa County and throughout the rest of California.

For, as of last Saturday, July 15, mere "possession" of slot machines is illegal in the state.

HECTIC WEEKS

Those last two weeks before the deadline were pretty hectic. On July 1, Federal license fees of $100 on each machine became due, so most of the owners just quietly folded, some shipping the "one-armed bandits" to Nevada for storage or hoped-for sale.

A few, however, paid the $100 Federal fee and gambled on a big take before the state deadline of the 15th. Reports are that the payoff was good — for the operators.

The Trib reported "heavy play" and "big clean-ups" along San Pablo Dam Road, north of Orinda.

IT'S OVER

But now that's all over. Playing with a slot machine is like playing with fire — not only in Contra Costa County, where gambling was supposed to be illegal before, but everywhere in the state, except for military clubs on Federal reservations.

And nobody wants to get burned.

Early American History Revived in Scenes Viewed by Yolanda Bergamini

From Boston, Yolanda Bergamini reports some inspiring impressions of her visit there, in connection with New England's intomate connection with early American history. One of the spots seen by her is Marblehead, birthplace of the U. S. Navy, and "as close to Boston as Orinda is to Oakland."

Following is her letter to the SUN:

"Two weeks in Boston and its neighboring towns has been a short 'course' in American history. SUN readers, I hope, will enjoy these notes on New England.

IN HEART OF BOSTON

"King's Chapel and King's Chapel Burying Ground are in the heart of downtown Boston. King's Chapel was built in 1749 to replace the first one erected in 1686. British soldiers worshipped here. King's Burying Ground was the first cemetery in Boston.

"Old Granary Burying Ground is in Boston's busy shopping area. Here lie many famous old Bostonians, including early governors, Paul Revere, the parents of Benjamin Franklin, victims of the Boston Massacre and 'Mother Goose.'

FRANKLIN'S BIRTHPLACE

"Benjamin Franklin's birthplace is opposite Old South Meeting House, where patriots protested against British rule.

"Park Street Church, also in downtown Boston, is famous because our nationally sung 'America' was first sung heer.

" 'Old Ironsides,' reconditioned by funds collected by Boston's children, is docked for display at Charlestown. Travelers see 'Old Ironsides' each time that they cross the modern highway bridge connecting Boston to its neighboring towns.

BUNKER HILL MONUMENT

"Charlestown boasts of its Bunker Hill Monument and the home of Samuel F. B. Morse, inventor of the electric telegraph.

"Old Marblehead, as close to Boston as Orinda is to Oakland, is an example of a town which makes the seventeenth century alive today. Old Marblehead is the birthplace of the American Navy (although other towns like to claim this title). Marblehead is the 'yachting center of the world' today.

FIRST NAVY VESSEL

"In 1629 Marblehead was first settled. In 1775 the first vessel of the American Navy, a reconverted Marblehead fishing schooner, was commissioned by Washington on September 2.

"In 1775 the hardy 'Headers' helped to row Washington across the Delaware. They manned the ships for the surprise attack on Trenton. Their exploits inspired the 'Spirit of '76,' the large life-size canvas now exhibited in the Children's Library, Abbot Hall, Marblehead.

ORIGINAL PAINTING

"The original oil painting by A. M. Willard of Cleveland, Ohio, was presented to the town by General John H. Devereux in 1880. The central figures — drummer, fifer and drummer boy — are so realistic that the painting has been described as the 'most inspiring patriotic painting in America.' An estimated 150,000 persons study this painting each year.

"New Englanders annually renew the Spirit of '76 on the 4th of July — with bonfires, parades and contests.

100,000 AT BONFIRE

"Bonfires attract the crowds. Danvers, a suburban area of Boston, attracted a crowd of 100,000 people who saw at midnight the burning of a stack of barrels 150 feet tall. For a half-hour the throng gasped at the speed of the flames. Light from the fire illuminated a nearby baseball field so brightly that a game could have been played.

"Boston and its neighboring towns have a magnetic power. Two weeks' stay here does one thing only — makes you anxious to return — to browse around more."

Captain Sandford Sez:

I HAVE A SMALL LEVEL PLOT of heavy adobe land into which each year I have dug large quantities of horse manure. So, according to the expert gardeners, this land should now be a soft mulch. I don't know what mulch is, do you? This spring I dug the land up carefully and it was a beautiful soft mulch.

Then I planted seed . . . carrots, parsnips, beets. I think the seed cost me about 40 cents, and if my labor is worth anything the scheme has long since passed any sensible economical production of vegetables. The land kept hardening into great lumps of adobe brick and cracking.

The other day I had a brilliant inspiration. I dug it all up again between the rows and carefully cut a water way channel. This was quite an engineering project, by which I planned to allow the hose to run at the highest point on the garden so each plant would be watered by the force of gravity.

I left the hose running and went about other matters. When I returned there was only one small moist spot and the hose was running merrily, all the water disappearing with a sound like the burble of a mountain trout stream down a mole hole or a crack. I listened carefully and thought I heard faint sounds. It sounded like the Chinese yelling: "Ayee, Capee, mosky, wassamarra? Stopee!"

I CANNOT REFRAIN from mentioning international matters before closing this column. I still do not believe that we will become embroiled in war with the Soviet Union at this time. If such an unfortunate war should ever materialize, it is my opinion that the attacker would build up a much greater reserve of power than is available at this time . . . and then suddenly "sitting duck" us as the Japs did at Pearl Harbor.

At this time we desparately need good leaders, and I don't think we've got many of them.

Turn your thought toward two of the world's greatest nations of the past . . . Great Britain (or the British Empire) and Germany. Each one of these nations had inclinations toward world domination, and where are they now?

The true and lasting solution to our international problems will come only when selfish arrogance and greed are not permitted to prevail and when the old Biblical slogan can be honestly utilized: Do unto others as you would they should do unto you.

VACATION DAZE

Letters to the Editor

Dear Sir:

For quite some time I have been reading your newspaper, and find that it is easily the best weekly in Contra Costa County. However, it amazes me that a paper of its caliber would contain a column such as "Cap Sandford Sez."

I fail to see the importance or the humor of such babblings about how the blotters made now-a-days don't blot quite so good as they used to. Or, how hard it is to cross Mt. Diablo Boulevard against the red light. His prize offering lately is "can any of you folks write your names on a typewriter?"

Why not use this space to record the doings of the kindergarten all-stars? Even this news would be more entertaining and/or interesting.

If you do not print this letter, as I wholeheartedly hope you do, please see that it gets to "Cap" Sandford.

Yours truly,
An Irate Reader

Dear Sir:

I have discovered from my own feelings and from talking to others that it is all too easy to slip into a pessimistic mood these days about the possibility of preventing World War III. However, even in the darkness of the present situation, some hopeful signs can be seen — among them, the growing prestige of the U.N. The formation and use of an armed U.N. police force suggests that enforceable world law under a strengthened U.N. is more than a dim possibility.

I would like to recommend some fine radio broadcasts to those of your readers who are trying to throw off this defeatist mood by finding intelligent, constructive proposals whereby a world war may be averted.

The University of Chicago Round Table is giving a series of five coast-to-coast broadcasts on "Proposals for Peace" — July 15, "Views on a Divided World" was the subject; July 22, "Ending the Arms Race"; July 29, "Turning World Resources to World Welfare"; August 5, "Policy for Germany"; August 12, "Pattern for Peace."

There are over a dozen distinguished names on the panel — university presidents and professors of political science and economics, an atomic scientist, United Nations delegates, the ambassador from India to the U.S., and others.

The program is on KNBC (680) at 4 p.m. Saturdays.

Yours Sincerely,
Mary Smith
(Mrs. Sewall Smith)

Dear Sir:

May I say "good work" for the picture of the "Jamboree-bound" Hawaiian Boy Scouts in a recent issue of the SUN. I know that many other members of Troop 204 Mother's Club found it just as satisfactory as I did.

Thank you,
M. Lloyd

Summer Market At Merchandise Mart Next Week

Celebrating its 35th anniversary, the Western Merchandise Mart, San Francisco, will be host to thousands of home goods dealers and buyers from all parts of the west during Western Summer Market opening in the Mart on Monday, July 24, to continue through Friday, July 28.

The largest commercial building of its kind in the west, the huge Mart has nearly a million square feet of floor space, housing products of over 2500 manufacturers of all kinds of home goods.

On display at the coming Market will be new creations in furniture, floor coverings, home appliances, radio-television, draperies, housewares, lamps, gift and art goods, toys and juvenile goods and other furnishings for the well equipped home this fall and winter.

Atom Tests Show Typhoons' Source

The birthplace of typhoons, that scourge of the Orient, has been locatel by University of California scientists.

Studies by the Tropical-Pacific Project of the Institute of Geophysics on the Los Angeles campus indicate that most if not all typhoons are born and spend their infancy in the Marshall Islands area. As they move west and north they mature into adult storms.

This information is one of the first important nonmilitary results to come out of the atom bomb tests in the Marshalls. It is based on weather observations taken during the Operations Crossroads. An analysis of these observations has been an important part of the Tropical-Pacific Project.

COMMON ORIGIN

Another result of this research is the discovery of the fact that typhoons and hurricanes hape a common manner of origin. Previously it had been thought that hurricanes in the Caribbean area and Pacific typhoons were caused by two entirely different meteorological phenomena.

Dr. Clarence E. Palmer, U.C.L.A. geophysicist, is in charge of the research. Relatively little is known about the conditions producing weather in the tropics, he points out. Half of the earth's atmosphere is in the tropical region, and a billion people are affected by weather that originates there.

The research is being done under an Air Materiel Command grant.

Birt Named S.P. Telegraph Head

Appointment of W. R. Birt as superintendent of telegraph for Southern Pacific, effective August 1, with jurisdiction over the railroad's vast telegraph and telephone system in six western states, was announced Monday. Birt succeeds A. W. Flanagan, whose plans for retirement after a half-century career with the railroad were announced recently.

Starting with Southern Pacific in 1900 as a telegraph operator at Sacramento, Birt has become one of the best known among western railroad communications officers. Since 1924 he has been assistant superintendent of the department which he is soon to head.

EXAM FOR PLANNING AIDE

An examination for planning aide, at time and place to be announced later, will be conducted by the Contra Costa County Civil Service Commission. Final filing date is August 4. Salary range is $247-$297 per month.

2 Red Cross Swim Programs Wind Up

Mt. Diablo Chapter, American National Red Cross, announces completion of two of the local swim programs. Montecito, Vallecito and Lafayette Schools, meeting at Acalanes Pool with a total enrollment of 266, divided into 93 beginners, 81 intermediates, 17 swimmers, 103 non-swimmers, 44 life-savers and 28 adults. Carroll Ranch Pool, serving Moraga, Canyon and Glorietta Schools, enrolled a total of 72. Neill Cornwall, member of the Board of Directors of the local chapter, awarded the certificates the last day of the course.

Appointments to two camps for leadership training courses have been made. Judy Ann McLean and Wayne Brannan will attend the Junior Red Cross leadership training course at Camp Seely, near Lake Arrowhead. Judy will, upon completion of the course, be in charge of the activities of Junior Red Cross in San Ramon Valley Union High School. Wayne will assume responsibility for those of Acalanes Union High School. Mrs. Vera J. Verdi will go to Camp Redwood near Fresno, for leadership training for adults. Upon her return she will be an instructor and will assist in the water safety program.

A request has come in from Oak Knoll Hospital for beginner textbooks in French, German, Italian, Japanese and Russian. Anyone willing to donate these to the Red Cross may leave them at the local chapter house, 1607 Locust Street, Walnut Creek.

Pointer Club Sets Dog Show Aug. 5

The Pointer Club of Central California announces the second Plan C Sanctioned Match. It will be held at the grounds of the Claremont Hotel, Berkeley, August 5, from 1 to 5 p.m.

Judge will be Jake Huizenga, renowned sporting dog fancier from Seaside, Calif. Following the judging there will be an obedience demonstration and a parade of dogs from the sporting group.

Entries for the show will close July 22. Entry blanks can be obtained from the show secretary, Veronica Tipton, Rt. 1, Box 265F, Livorna Road, Walnut Creek.

Peter Howard to Head Drive for Boy, Girl Scouts

Peter Howard of Walnut Creek has been named general chairman of the combined Boy Scout - Girl Scout annual finance drive to be conducted within the Diablo District this fall. Howard is an executive in the Howard Terminals Company of Oakland and served as general chairman of the Oakland Community Chest for the past two years. He also served as scoutmaster of Troop 202 of Walnut Creek from 1935 to 1938.

The campaign will be conducted in those communities comprising the Diablo District which do not have any affiliation with a Community Chest. They are: Alamo, Canyon, Danville, San Ramon, Lafayette, Moraga, Orinda, Saranap and Walnut Creek.

In the Concord area, the Boy Scout and Girl Scout Councils are each agencies in the Community Chest which serves Pleasant Hill and Ygnacio Valley, so the Scout finance campaign will not be conducted in these two communities.

Vigorous, community - conscious men and women are enlisting now to assure the people of the Diablo District a wholesome, constructive character - building and citizen-training program for the youth of this area, which is always important but particularly necessary during these times.

New Home Loan Aid for Veterans

New GI home loan regulations are now in effect for more than 13,000,000 World War II veterans who have not yet used this GI Bill benefit to buy or build a home.

Veterans Administration said that probably the most important aspect of the regulations to veterans is that providing for the use of the new 60 per cent guarantee up to $7,500.

The new guarantee is available only to those veterans who have not used all or part of thee old 50 per cent guarantee up to $4,000 for home loans.

For veterans who have not used either the old or the new guarantee the regulations provide that they may take advantage of either, but this is a matter for the veterans and the lenders to negotiate between them.

Swaynes in New Home

Mr. and Mrs. Lloyd Swayne, Jr., have recently moved into their new home on Canyon Road in Happy Valley. The newly completed house is of the American modern design.

Ceramics Group Offers Courses

The Ceramics Group of the Diablo Art Association held a special meeting recently to discuss its activities, and another meeting was held Monday evening at Mrs. Eleanor Condon's studio in Saranap. Furthern information on the group may be obtained by calling Walnut Creek 2637.

Regular meetings will now be held on the first and third Monday of each month.

INSTRUCTION

Demonstrations with instruction are available for a lab fee of 25c and cover all phases of clay working, mold making and decorative techniques.

Scraffito will be demonstrated, with slip-painting, under-glazing, over-glazing and glazing instructed. Handle-making has been especially requested, with slip-making (preparation of clay bodies) and loading and firing the kiln included. There will also be a library of pottery and ceramic books for study, with a bibliography for reference.

WIDE STUDY

Mrs. Eleanor Condon, a potter in her own right and also chairman of the Ceramics Group, earned her AB in Art at the University of California. She has studied in Berlin and Sweden, with three and one half years under Antonio Prieto, head of the Ceramics Department at the College of Arts and Crafts in Oakland.

Membership in the Ceramics Group of the Diablo Art Association is open to anyone interested in the craft. Experience is not necessary.

Patronize Hometown Merchants.

Wolf to Talk on Modern Art

Latest reports on the activities of the Diablo Art Association include a lecture to be given by Hamilton Wolf, faculty member of the College of Arts and Crafts, on Tuesday, the next general public meeting, to be held at the Coast Counties Gas Building on Bonanza Street in Walnut Creek.

"Contemporary Trends in Art" will be the theme of the lecture, a story of how modern art began and the influence it had on American art.

Wolf has received a number of national honors, his most recent being shown at the Oakland Gallery last February. His work was also shown in the group exhibit "Painting of the Year" held in New York in 1947. Wolf, at one time studied under the famed Robert Henri at the Art Students' League in New York and Atelier Colarossi in Paris.

Kisa Beeck of Danville, a prominent member of the Diablo Art Association, and equally an outstanding sculptress, recently designed a modern statue, presented to the Contra Costa Press Club at the installation ceremonies for their club symbol.

You can seldom put a price on a telephone call...but we do our best to make sure service is there when you need it.

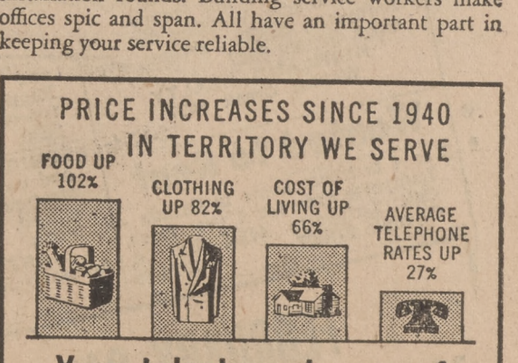

THE SERVICE THAT NEVER SLEEPS
Round the clock, your telephone is one of today's best bargains

1. Keeping night patrol throughout the West, hundreds of telephone people are on duty to help meet emergencies and make sure your telephone will be ready to work for you when you want it. Many maintenance jobs are done at night while most telephone users are asleep. Lines are checked with electronic testers. Sensitive switching equipment is vacuum cleaned to help stop trouble before it starts.

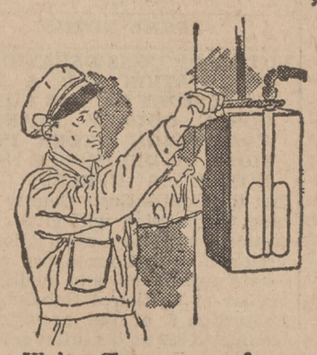

2. In the quiet hours of the night, operators handle relatively few calls . . . but often they are unusually important. Repairmen are on call for service on important lines . . . doctors, hospitals and the like. Garagemen check and equip trucks for the next day's installation rounds. Building service workers make offices spic and span. All have an important part in keeping your service reliable.

3. Day or night, workday or holiday, your telephone remains one of your most valuable and useful servants. In spite of postwar inflation, telephone rates have gone up far less than our costs of providing service. On the average, rates have gone up less than half as much as the cost of living generally. A few pennies still buy a call . . . whether it be important or routine. Your telephone still gives you a big value for your budget dollar.

Pacific Telephone

Your telephone is one of today's best bargains

Walter Teague, one of 16,572 P. G. and E. employees. He connected the new Wolf home to our mains—his 2500th installation in his 5 years with P. G. and E.

George E. Browning, Superintendent of Service, San Francisco. He started with P. G. and E. 39 years ago, was promoted to his new post on June 1. He sees to it that our 252,000 San Francisco customers get prompt service.

Last Tuesday was a big day in our lives... we connected our millionth gas customer!
Here are a few of the people who made it possible...

Our millionth gas customer, Mrs. Robert W. Wolf, and her brand new San Francisco home, designed by her husband. We served our *first* gas customer 98 years ago.

Mrs. Mabel Lytle, Fresno. Part of her savings invested in P. G. and E. stock pays her a return, and helps build important projects like "Super-Inch" for the future. Women, by the way, own more P. G. and E. stock than do men.

You can see by the expressions on the faces of P. G. and E. people that everybody was pleased and proud to have reached the one-million mark.

But what pleased all of us most is—our million gas customers get not only *good* service, but get it at rates among the lowest in the whole United States!

Alex Spratling, field man in charge of P. G. and E's famed 63 million dollar "Super-Inch" Pipeline being built to bring Texas and New Mexico gas to P. G. and E's customers by January.

P·G·and·E·
PACIFIC GAS AND ELECTRIC COMPANY

FLOWERS AND PLANTS aren't the only reason for the happy expressions on the faces of these officers of the Mt. Diablo Men's Garden Club. The men are satisfied because plans are in readiness for the club's annual outdoor meeting at Marsh Creek Springs Monday, July 31, 7 p.m., at which Jerry Gill will be host. A barbecue dinner will be served, and Norvell Gillespie, noted author and radio commentator on garden topics, will tell of his recent trip to Europe. The club officers pictured here are, left to right: Lloyd Smith of Martinez, executive secretary and treasurer; Talbot Taylor of Martinez, secretary; Les Laird of Concord, vice-president; Stewart Wade of Lafayette, president; Edward Thompson of Martinez, recording secretary; William Gallagher of Martinez, program chairman.

U. B. Smiths Are Back

The U. B. Smiths returned last weekend from a week at Laguna Beach.

Patronize Hometown Merchants.

CAUSE OF SQUEAKING

It is possible for a fully enclosed brake to squeak, points out the National Automobile Club. A loose shoe is likely to press unevenly on the drum, thus setting up a chattering effect.

LEGAL NOTICE

NOTICE INVITING SEALED BIDS

IN THE MATTER OF THE IMPROVEMENT OF LOCAL IMPROVEMENT DISTRICT NO. 13

Pursuant to the provisions of "Improvement Act of 1911" and to Resolution ordering the Work of the District Board of the Central Contra Costa Sanitary District, County of Contra Costa, State of California, directing this Notice, said District Board hereby invites sealed bids and proposals for doing the work and improvement described in Resolution of Intention No. 583 as amended in the above-entitled matter, of the District Board of the Central Contra Costa Sanitary District, County of Contra Costa, State of California, adopted May 4th, 1950, and said Resolution of Intention No. 583 as amended is hereby referred to for a description of said work and improvement, the grades to which it is to be done, a description of the district to be assessed to pay the costs and expenses theerof, the bonds to be issued, and for all further particulars contained in said Resolution of Intention No. 583. Reference is hereby further made to the plans and specifications and detailed drawings for said work on file in the office of the Secretary of said Central Contra Costa Sanitary District, in accordance with which said work shall be done. As said resolution has been amended.

Said plans and specifications may be examined at 1822 Mt. Diablo Blvd., Walnut Creek, and may be obtained upon the deposit of $10.00 which will be returned.

Notice is further given that the District Board of the Central Contra Costa Sanitary District, County of Contra Costa, State of California, has established a prevailing rate and scale of wages in accordance with law, which rate and scale is as follows, to-wit:

Overtime and Saturday work shall be paid for at double the normal hourly rate except as noted below for Cement Finishers and Truck Drivers and work on Sundays and Holidays shall be paid for at double the normal hourly rate.

The foregoing schedule of prevailing rates of wages, and rates for overtime, Sunday and Legal Holidays, is based, unless otherwise specified, upon a working day of eight (8) hours.

Overtime and Saturday rates for Truck Drivers shall be at one and one-half (1½) times the normal hourly rate.

The first two hours overtime, after a normal eight (8) hour day, for Cement Finishers shall be at one and one-half (1½) times the normal rate and further overtime shall be at double the normal rate. Saturday work for Cement Finishers shall be at one and one-half (1½) times the normal rate for the first eight (8) hours worked and at double the normal rate for all further time worked on Saturdays.

NOTICE IS ALSO HEREBY GIVEN BIDDERS that it shall be mandatory upon the contractor to whom the contract is awarded, and upon all subcontractors under him, to pay not less than said general prevailing rates of per diem wages, as above listed, to all laborers. workmen and mechanics employed in the execution of the contract.

Anything to the contrary in the above wage scale notwithstanding, the Contractor and all subcontractors under him shall pay all their laborers, workmen, mechanics and employees on said work a salary or wage at least equal to the prevailing salary or wage for the same quality of service rendered to private persons, firms or corporations under similar employment, within the Central Contra Costa Sanitary District.

The per diem wage rate is the hourly rate hereinabove mentioned established multiplied by the number of hours hereinabove mentioned as constituting the working day for the particular craft or type of workman.

Before submitting proposals the bidder shall be licensed in accordance with the provisions of Chapter 9 Division III of the Business and Professions Code, Chapter 37 of the Statutes of 1939, as amended, of the State of California, which provides for the registration and licensing of contractors.

Each bidder must submit with his proposal, a statement of his financial responsibility, technical ability and experience on the form to be furnished prospective bidders.

Each bidder shall submit with his bid on the form provided, the name and address of each subcontractor including the principal suppliers of materials, and the portion of the work which each subcontractor will do. If the contractor fails to name the subcontractors in his proposal, he shall be deemed to have agreed to perform such portion of the work himself and shall not be permitted to subcontract said portion of work without previous written permission of the District Board.

The Contractor shall, in the performance of the work and improvements, conform to the Labor Code of the State of California and other laws of the State of California applicable thereto, with the exception only of such variation as may be required under the special statutes pursuant to which proceedings hereunder are taken and which have not been superseded by the provisions of the Labor Code. Preference to labor shall be given only in the manner provided and required by law. Veterans and resident local labor shall be given preference by the Contractor wherever possible, if skill and working ability permit without increasing the ultimate cost of the work and improvement to the Local Improvement District, the Central Contra Costa Sanitary District and its officers.

All proposals or bids shall be accompanied by a check payable to said Central Contra Costa Sanitary District and certified by a responsible bank for an amount which shall not be less than ten (10%) per cent of the aggregate of the proposal, or by a bond for said amount and so payable, signed by the bidder and two sureties, who shall justify, before any officer competent to administer an oath, in double the said amount and over and above all statutory exemptions. The proposal shall be made out on the form to be furnished prospective bidders, a copy of which is incorporated with the specifications.

Said proposals or bids shall be delivered to the Clerk of the District Board of the Central Contra Costa Sanitary District on or before August 3rd, 1950, at the hour of 8:00 p.m., of said date, at the office of said Central Contra Costa Sanitary District at 1822 Mt. Diablo Blvd., Walnut Creek, Contra Costa County, State of California, said time being not less than ten (10) days from the time of the first publication or posting of said Notice. Bids will be opened on said day and hour. The District Board reserves the right to reject any and all proposals or bids, should it deem this necessary for the public good, and also the bid of the bidder who has been delinquent or unfaithful in any former contract with the Central Contra Costa Sanitary District.

All bids be submitted on the understanding that all work thereunder shall be done pursuant to the Improvement Act of 1911 and that all of the applicable requirements thereof shall be made a part hereof, of the Local Improvement District proceedings, the bonds and the contract.

DATED: this 13th day of July, 1950.

H. M. SMITTEN
Secretary, Central Contra Costa Sanitary District, County of Contra Costa, State of California.

PUC Calls Informal Meeting Aug. 17th

Development of a program to establish a priority basis for grade separations of railroads and public highways in California will be discussed August 17 at an informal meeting called by the staff of the California Public Utilities Commission, R. E. Mittelstaedt, commission president, announced this week.

(This is of considerable interest to the Lafayette area because of the many grade crossings at tracks of the Sacramento Northern Railroad.—Editor)

Mittelstaedt reported that Warren K. Brown, the commission director of transportation, has been instructed to notify interested cities, rail carriers, representatives of the State Division of Highways, chambers of commerce and other interested parties of the forthcoming meeting.

One of the major purposes of the session will be to consider and adopt a practical formula for rating various crossings. This proposed formula, Mittelstaedt said, would give comparable weight to all the elements which contribute to the justification of the expenditure necessary to effect a grade separation in each particular case.

"For several years, the commission has been concerned over the California grade crossing problem," Mittelstaedt explained. "Recently, the commission engineering staff completed a statewide survey of grade crossings, undertaken in conjunction with representatives of the Division of Highways, rail carriers, and political subdivisions involved. Out of this coordinated survey came a series of recommendations for grade crossing improvements which have been passed on to both the rail carriers and various political subdivisions.

"The August 17 meeting is a natural outgrowth of the commission's efforts to bring about solution of grade crossing problems. It is being held also in consonance with recent resolutions of the Legislature seeking a program for reducing grade crossing hazards."

The meeting will start at 10 a.m. in the commission's offices, State Building, San Francisco.

2 Land Use Requests OK'd; Hearing Tuesday on Rezoning Town Hall Area

Change from quarter-acre residential classification to a multiple family zone, with motels excluded, is asked by Ghiglione.

The section for which this rezoning is sought lies about 450 feet east of Town Hall and goes along School Street approximately 945 feet, north to Willow Street and east to the Sacramento Northern Railroad.

Land use permits were recommended Tuesday night by the County Planning Commission for two residents of this area.

One recommendation was for E. Y. Moller, who had asked a permit for a seven-foot side yard at 969 Reliez Station Road in the Lafayette area.

The other was for Mrs. Warren E. Lowe, for a 14-foot setback and side yards of 15 feet and 16 feet on Lot 70-A and a portion of Lot 70, in Moraga Woodlands Unit 2. The property is on Culver Court off Crestview, in the Orinda-Moraga area.

Both recommendations now go to the Board of Supervisors for final action.

REZONING HEARING

First of two required public hearing on application of E. J. Ghiglione for rezoning of an area behind Lafayette Town Hall will be held by the Planning Commission next Tuesday at 4 p.m. in Room 210 of the Hall of Records in Martinez.

No Aloofness for Future Foresters; They Fight Fires

"They've already been called out on fires," relates Dean F. S. Baker of the School of Forestry on the Berkeley campus of the University of California, speaking of Summer Session students at Quincy, California.

Dean Baker has just returned from orientation work with the 91 men now at Meadow Valley, near Quincy in Plumas County, where the university has a permit to use 40 acres of forest for field work.

10 WEEKS

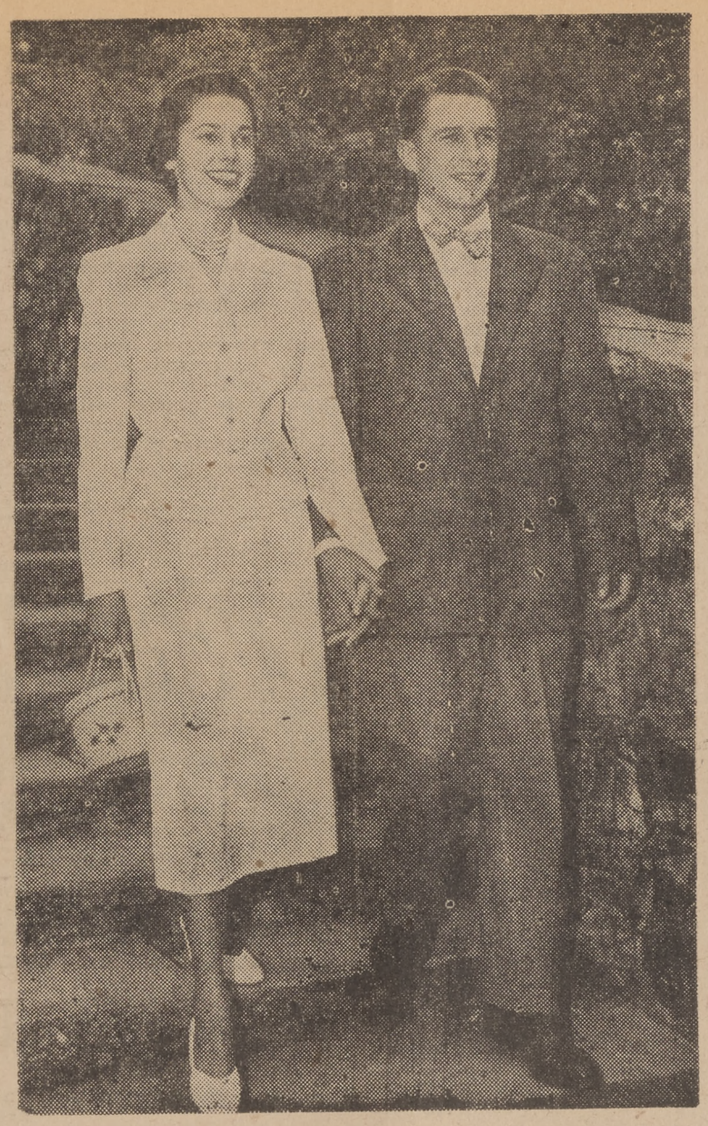

Each summer students of the School of Forestry go to camp for 10 weeks of schooling in the woods. Applicants must have completed their sophomore year to qualify. On the site are a mess hall, class room and property building. The students live in tents.

Aerial photographs are used to give the foresters of tomorrow a knowledge of the area.

USF TO GIVE M.A.

The University of San Francisco today announced it will award a Master of Arts degree in the field of education starting next fall.

According to Rev. John H. Martin, S.J., chairman of the university's graduate school committee, the decision to award an advanced degree in the field of teacher training has been under discussion for the past year by school authorities who already have added new course material and teachers to the graduate school.

ENGAGEMENT of Nancie Louise Harrold and William Russell Nichelmann, pictured here, was announced recently at the alumnae luncheon of Alpha Theta Tau Sorority. Nancie, daughter of Mr. and Mrs. Warren Harrold of Ardilla Road, is a graduate of Acalanes High School and became affiliated with Alpha Theta Tau at College of the Pacific. Her husband-to-be is the son of Mr. and Mrs. William O. Nichelmann of La Cuesta. He attended San Ramon High School and studied at the University of California.

FACTORY JOBS RECORD

California manufacturing employment climbed to another record level in June, Paul Scharrenberg, Director of Industrial Relations, announced. State industrial plants reported 735,000 wage and salary workers on their payrolls, the highest peacetime June employment in the history of California. This was nearly 12,000 above May and about 35,000 above June a year ago.

SINKING BRAKE PEDAL

If the brake pedal gradually sinks toward the floor while you are holding the car on an incline, it means trouble. Your vehicle should be taken to a repair shop without delay, advises the California State Automobile Association. The probable cause of this condition is a defective hydraulic master cylinder.

Vets Have Until Oct. 20 for FHA Aid

Veterans in the Contra Costa County area who have used up a portion of their G.I. home loan guarantee were advised this week that the remaining portion must be used by October 20 if VA-FHA financing is to be used.

Dair A. Tandy, Richmond builder, president of the General Contractors Association of Contra Costa County, said that the remaining guarantee could not be used after that date in the purchase of another house if financed through the FHA.

"Many veterans have purchased homes using only a small portion of their G.I. guarantee," Tandy explained. "Through no fault of their own they have moved, changed jobs or need larger quarters. The remaining portion of the G.I. guarantee can often be used to buy another house."

The "combination" loan has been a widely used financing method in the purchase of new homes by veterans because it holds down payments to a minimum.

Tandy gave this example of how it works: For example, a new home costs $10,000 of which the FHA will insure a first mortgage of $8,000. The VA then guarantees the remaining $2,000, with the veteran paying no cash down.

After the October 20 cut-off date, said Tandy, veterans can still use their remaining guarantee on homes purchased on a straight G.I. loan basis.

W.C. Challenges Martinez on Title

Officials of Walnut Creek's annual Walnut Festival today challenged the right of Martinez to confer the title of "Miss Contra Costa" on the winner of the Martinez Fiesta queen contest.

"Martinez may be the county seat of Contra Costa County," declared Jack Ready, Walnut Festival queen contest chairman, "but that doesn't give it a corner on the good looking girls in the county.

WILL BACK ANY OF THEM

"We'll back any one of our Walnut Festival queen candidates against the winner of the Martinez contest before any slate of impartial judges," Ready declared.

"We believe Walnut Creek is the home of the most beautiful girls in the county and we're ready to prove it."

The title of "Miss Contra Costa" carries with it the implication that she represents the entire county, Festival officials declared, whereas in this case the winner of the title would represent only the Martinez area.

Five candidates have entered the annual Walnut Festival contest.

Your Garden

Iris Is Summer-Long 'Rainbow Flower'

By BERT WRIGHT

THE MANY DIFFERENT forms of irises make it possible to add beautiful color to your garden all summer long. Indeed, so widely ranged are the colors that irises are often referred to as "Rainbow Flowers."

Bearded Irises are the group that is most often grown. They can be planted either in spring or fall but August is considered an ideal month. This group grows from an elongated bulbous root called a rhizome. The name "bearded" is derived from the characteristic hairy tuft included in the bloom structure.

GARDENERS who plant Bearded Irises can combine dwarf, intermediate and tall varieties. The dwarf varieties (pumilas) are from 6 to 12 inches in height and bloom in April. The intermediate types reach a height of 20 to 30 inches and bloom in early and mid-May. Finally comes the tall bearded kinds which bloom in late May and early June. They are from 24 to 50 inches in height.

From this one group alone you can have gorgeous flowers during April, May and part of June. This may be all you need to fill out your garden but if not there are other iris groups which enable you to extend the season still further.

One of these is the Beardless Group, which grows from fibrous roots. Included among these are the Siberian and Japanese Irises. The falls of the blooms are smooth rather than tufted, as in the Bearded Irises. They like heavier, moister soil than the Bearded varieties and are heavy feeders.

Siberian Irises may be planted during August and September. The same holds true for Japanese Irises, except in northern areas where they should be planted only in spring. The blooming season for Siberian Irises is in June while the Japanese types appear in July.

STILL ANOTHER division of the Iris family is the Crested or Evansia group. Here the beard is replaced by a toothed ridge, resembling a rooster's comb. Among these are the Roof Iris, Lake Iris and Crested Iris. They grow from rhizomes or spreading root stock and require a moist soil and some shade. They may be planted this month for bloom during April and May.

Three kinds of Bulbous Irises appear in early summer — Spanish, Dutch and English. A fourth kind, the Netted Iris, is the earliest of all Irises. It comes up with the very first signs of spring.

In warmer climates Spanish, Dutch and English Irises can be grown outdoors. Elsewhere, however, they are given the protection of cold frames. English Irises should be planted in August or September in a moist, rather heavy soil. The other three can be planted during October and November in a light, well-drained soil. Spanish, Dutch and English irises bloom in June.

IN PLANTING IRISES, prepare the soil to a depth of at least 10 inches, spading deeply and thoroughly. When planting in beds, apply complete plant food at the rate of four pounds per 100 square feet of area before planting and work it well into the soil. For row planting, dig a trench two inches deeper than needed and replace about one and a half inches of loose soil. Apply complete plant food at the rate of one pound (one pint) per 20 feet of trench. Work in thoroughly, cover with a half-inch of soil and you are ready to plant.

Usually the nurseryman will have cut back the foliage to about six inches, but if he hasn't, do so before planting.

For the rhizamatous group spread the roots evenly in all directions and work the soil between and around them. Continue this until two-thirds of the rhizome is covered, leaving the remaining third exposed to sun and air.

The roots of the Beardless Irises should be planted to a depth even with the crown. Bulbous Irises should be set from four to six inches deep, depending on the variety.

When the ground is thoroughly frozen this winter, apply a light mulch of clean straw or hay to prevent heaving in spring.

Naval Reservists Hear Talk About Anti-Sub Warfare

"Anti-Submarine Warfare" was the subject of a talk by Commander P. M. Gaviglio, United States Navy, at Tuesday's meeting of the Naval Reserve Volunteer Composite Unit No. 12-25 of the Orinda-Walnut Creek Area at Acalanes High School.

Commander Gaviglio, a graduate of the U.S. Naval Academy, saw extensive action on fighting ships during the war, recently was in command of a destroyer and was awarded the bronze star decoration in the last war. Presently, he is ordinance officer for the U. S. Naval Shipyard at Hunter's Point, San Francisco, and is also on the staff of the Pacific Reserve Fleet. Lt. Comdr. H. S. Schwartz of Concord was in charge of the meeting.

The unit meets regularly on the first and third Tuesday of each month at Acalanes High School, 7:30 p.m., and is open to all naval reserve officers of the area.

Striped Bass May Help You Win $100

Some California striped bass fisherman is going to be handed a $100 cash prize just for being cooperative.

But eligibles for the unique contest are among the most exclusive bunch of fishermen in the world. They are the striped anglers who have landed a tagged fish and turned the plastic fin tag over to the Division of Fish and Game.

In cooperation with the state agency, the San Francisco Striped Bass Club has cooked up a plan to stimulate tag returns, and resultantly, to provide more biological information which will lead to better fishing.

The bass tags received between January 1 and August 31 will be placed in a hat, and the lucky anglers turning in selected tags will be rewarded with various outdoor gear donated by cooperating merchants. The first winner will be chosen at the club's September 13 meeting.

A second drawing will be held in February when Striped Bass Club President George Savy will draw the winner of the $100 grand prize from all the tags received by the Division of Fish and Game luring the calendar year.

French Dramatist Giving Lectures At Mills College

A series of four lectures by the French dramatist M. Henri Rene Lenormand are featured in the summer program of La Maison Francaise, now in session for its 18th year at Mills College, announces Mme. Madelaine Milhaud, chairman.

The evening lectures are open to the public without charge, and will be presented in the Ensemble Room of the college Music Building at 8 o'clock on the Thursday evenings of July 27, August 3 and August 10. A first lecture was given last night.

"Mes Personnages" is the topic of the first two lectures. M. Lenormand's August 3 talk will be on "Maeterlinck," and for his closing lecture he will speak on "Claudel." All of the talks will be given in English.

Electric Fan Is Good to Defrost The Refrigerator

While your electric fan is helping you to keep cool this summer, let it help you in other ways, too. Home Advisor, Mary Ryon Lerche of the Contra Costa County Agricultural Extension Service suggests using it to defrost the refrigerator in record time and with less cleaning up afterwards. Place it at a height so the full draft of air is thrown on the coils covered with frost. The frost melts quickly and the job can be done in 15 or 20 minutes.

When unexpected guests come for dinner, speed the thawing of frozen foods. Frozen fruit will thaw in a third the usual time by using the fan. Meat can be thawed quickly too.

JACK-RABBIT STARTS

Sudden stops and jack-rabbit starts cause undue wear on your car's brakes and tire treads, warns the California State Automobile Association.

Acalanes Teachers In Summer Studies

Summer vacation finds a large number of Acalanes instructors attending summer session at universities in this country and abroad.

Enrolled at the University of California are Wilson Sanchez, Alexander Winchester, Robert Stevens, Gerald Brown, Robert Thom, Richard Nesbitt, Ross Reagan and Anita Anderson.

San Jose State College has on their summer rolls John Annis, Beverley Fisher and Helen Peterson. Henry Weiss is attending San Francisco State College; William Ross, University of Michigan; Josephine Ochoa, University of Madrid. Marie Wagner is at Stanford University and Wilbur Twining is attending San Diego State College.

At its annual reorganization meeting, the Acalanes Union High School Board of Trustees elected M. H. Stanley, president, and Carl Newbury, clerk. Stanley has served as clerk of the board since its inception ten years ago.

Other business at the July meeting included the letting of a contract to McClary-Davis Company, the low bidder, for erection of bus maintenance and storage facilities at Acalanes. The buses being purchased by the Acalanes District, which will be used in transporting pupils of the Lafayette and Orinda Elementary Schools, are to be delivered by September 1. Because some of its members will be on vacations, the board decided to hold its regular August meeting on Tuesday evening, August 1, instead of August 8.

378 Scouts Set For Wolfeboro's Final Session

Three hundred and 78 more Scouts leave Saturday for Camp Wolfeboro, the high Sierra camp of the Berkeley-Contra Costa Area Council, Boy Scouts of America.

This will be the last session of the summer season, it was announced by C. R. Graff, chairman of camping and activities for the Diablo District. The main camp is full to capacity. The Pioneer Camping section, however, still has avaliable openings. The Pioneer Camping area features troops doing their own cooking but with access to all the other camp facilities and program resources. Only charge for this phase of the high Sierra camping program and supervision is a small registration fee for each Scout.

SPLINTERS, BLISTERS

Joe Esser, resident camp director, reports a very successful preceding two-week session, free from accident or illness. "The main activity of the camp doctor has been the removal of splinters and the treatment of a few blisters on the feet," he said.

Gordon Hawkins, the new Diablo District field executive, will leave with the Scouts Saturday to serve as program director and coordinator. Forty-five Scouts from the Diablo District board the buses Saturday. They are from Lafayette Troop 210, sponsored by the Brotherhood of Our Saviors Lutheran Church, and Troop 209 of Pleasant Hill Community Baptist Church.

CAMP HERMS

In addition to the Camp Wolfeboro record attendance, Graff reports there has been an average of 100 Scouts per day using the facilities and program at Camp Herms located on the top of the Berkeley Hill. Camp Herms is a short-term camp and offers counseling in a total of 23 Scouting skills, in addition to swimming, at no cost to Scouts or leaders.

Camp Wolfeboro and Camp Herms are services to boys and leaders made possible through annual Scout finance compaigns.

IT SAVES OIL, TOO

It is simple and inexpensive to improve oil economy through the expedient of keeping the radiator filled with water, advises the National Automobile Club. The engine is less likely to reach a temperature that results in the burning, or aeration, of crankcase lubricant.

Martinez Merry-Go-Round

Family Life, Zoning, Sprinklers Vie for Honors on Officials' List

Family life is okay, no doubt, but the question of whether the Contra Costa Junior College District should pay $22,500 for a contemplated family life center in Concord is one which for the moment seems to have the junior college trustees stumped. After debating the matter last Monday night, the trustees deferred action until their meeting of next Monday night, in Martinez.

The property involved is a former Baptist church and the two lots on which it is located, between East and Grant Streets in Concord. It is now owned by Dr. H. D. Neufeld. The family life center, according to Miss Phebe Ward, general education coordinator for the junior college, would offer classes for young parents, conduct a nursery school and train youth leaders.

Three industries operating in the county have asked the Board of Supervisors to amend the county zoning ordinance so that residences would be banned from encroaching on industrial zones. The firms are American Radiator and Standard Sanitary Corporation, Shell Oil Company and Atlas Powder Company.

Residents who have been complaining about smoke and odors live in industrially zoned areas, company representatives stated.

CAN USE CAMPUS

Another Junior College worry has come up but has been dissolved, to the relief of trustees. Superintendent Drummond J. McCunn told the trustees Monday night at their meeting in Martinez that there is no danger, at present, that the college will have to vacate buildings which have been leased from the U. S. Maritime Commission in Richmond.

"Maritime Commission officials have assured us we will be able to go ahead with our educational program at the West Campus," McCunn said.

SPRINKLERS FOR HOSPITAL?

Installation of a sprinkling system at the County Hospital is being considered by the Board of Supervisors. Such a system was suggested by the grand jury, which termed the hospital a fire hazard, and it also has been suggested by Robert Palmer, chief deputy state fire warden. Palmer made his suggestion when he addressed 65 hospital staff members at a recent safety meeting.

Here's a Quick Glance at Your New Contra Costa Junior College District

The following questions and answers are the first in a series designed to supply information to the youth and adults of Contra Costa County about their new junior college district.

Q. Who can attend the junior colleges? A. Anyone who is a high school graduate, or anyone 18 years of age or older who can profit by the instruction offered.

NO TUITION

Q. What is the tuition? A. There is no tuition charge.

Q. Where will courses be offered? A. At the West Campus, 1305 Central Drive, Richmond, and at the East Campus, located for the next school year at 1301 Alhambra Avenue, Martinez. In addition, courses for adults will be presented throughout the county wherever the need for junior college instruction has been established.

START SEPT. 18

Q. When do classes begin at the junior college this year? A. Classes start on September 18. Registration begins on September 11. However, students planning to attend either of the two campuses should contact a counselor at the West Campus or the East Campus immediately, so that pre-registration procedures may be completed.

Q. What kinds of courses will be given by the junior colleges? A. The junior college offers courses for youth planning to transfer to the four year university, and occupational education courses for youth planning to complete their college education at the end of two years. In addition, courses for adults will cover a variety of fields, depending upon the courses asked for by the public. A tentative outline of courses may be obtained by writing to the administrative offices, Contra Costa Junior College District, 1005 Escobar Street, Martinez. The complete catalog will be ready on August 15.

Q. Can veterans receive benefits under the G.I. Bill of Rights while studying at the junior college? A. Yes. The Contra Costa Junior College District has been approved by the Veterans Administration for such benefits.

Sees Jr. College For All by 2000

In 50 years everybody will be going to junior college, in the opinion of Dean B. Lamar Johnson of Stephens College, Missouri.

Technological advances and increasingly complex society is making education necessary through the 14th grade, Dean Johnson told 250 educators attending the 12th Annual School Executives Conference on the Los Angeles campus of the University of California recently.

"The job of the junior college is to become the people's college of tomorrow," he said, "It can even become the people's college of the world."

Dean Johnson advised that books and lectures would be outmoded by the year 2,000. They will be reinforced by motion pictures, charts, models, recordings, television and a multiplicity of materials which we haven't even dreamed of yet, he said.

The three-day conference, sponsored by the School of Education in cooperation with the Department of Institutes and Lectures, University Extension, University of California, was built around the theme "Pulling Together for Better Public Education."

Mills Back from Oregon

H. V. Mills recently returned to his home in Lafayette after a month's vacation spent visiting in Oregon. During his trip in the north Mills visited with his daughters in Eugene and Portland.

2 Coulson Girls Back from South

The Coulson girls, Darlene and Shirley, have just returned from an extended visit in Southern California to their home on Eastview Drive. Their mother, Mrs. John Coulson, preceded them home by a week. She and the girls went to Piru, Calif., first to visit their grandparents, the W. W. Lechlers, who recently celebrated their 60th anniversary.

The girls visited in Fillmore, Glendale and Monterey Park before flying home.

The F. C. Coulsons, parents of Mr. Coulson, left the Eastview Drive home for Tahoe after spending a week there.

RURAL TRAFFIC ACCIDENTS

A comparison of rural taffic accidents in California for May, 1950, with those for May, 1949, shows a reduction in the number of reportable accidents, persons injured, and persons killed, according to the National Automobile Club. This is the first month of the year that there has been a reduction in all phases of the rural traffic accident picture.

Want to Swap? See Want Ads

What have you to swap? A new classification in the want ads this week will give you a chance to get rid of that white elephant in your attic and add something useful to your playroom, swing basket or workshop.

A brand new television set, no less, is offered this week for the swap of a little work on your part—so watch this new "swap shop" for the special "yen" you've always wanted to satisfy.

Pattons See New Grandson in Reno

Donald Edward Patton was the name chosen for the tiny (five pound, 11 ounce) grandson of Mr. and Mrs. Don Patton of Eastview Drive when he arrived at the hospital in Reno on the third of July.

Mr. and Mrs. Patton drove up on the first and were there to welcome the son of Donald G. Patton, onetime resident of Lafayette, who is now with the Bank of America in Loyalton, Calif., 40 miles from Reno. Grandfather Patton returned after greeting the new namesake, and Mrs. Patton flew home after visiting with the baby and his mother in Loyalton.

POUNDMAN EXAM

Final filing date for a forthcoming civil service exam for poundman ($205-$247 per month) is August 4. Time and place of examination to be announced later.

Edith Dinkin to Play Lead in Glass Menagerie

Edith Dinkin, well-known in Lafayette, Pleasant Hill and Oakland drama activity, will play the leading role of Amanda in the Pleasant Hill players' production of Tennessee Williams' famed "Glass Menagerie" Friday and Saturday, July 28 and 29.

Under the direction of Ascher Opler of Pleasant Hill, the company this week was putting the final polish on the drama-packed production.

Although her beautiful home in Saranap burned to the ground in the early stages of the production, Edith Dinkin has not missed a rehearsal.

The story is the dramatic recollection of the stormy scenes in which a young man leaves home in search of adventure. Amanda is the young man's talkative mother.

The play's tremendous emotional "sock" is contributed to by the boy's sister Laura, played by Miss George Marsh of Pleasant Hill; by Tom, the son who leaves home, played by Bill Scheuber of Pleasant Hill, and by the Gentleman Caller, played by Eddie Drago.

The play will be given at Pleasant Hill School auditorium, at Oak Park Boulevard and Pleasant Hill Road. Curtain is at 8:30.

Disability May Result In Waiver of Premium

American servicemen totally disabled during the current fighting in Korea may be eligible to have their National Service Life Insurance premiums waived, if their total disability lasts six consecutive months or longer, according to the Veterans Administration.

The waiver would go in effect, upon application, after the six-month period was over, and would remain in efefct as long afterwards as total disability continued.

Hapsburg Show Draws Big Crowd

Thousands of persons thronged De Young Memorial Museum in Golden Gate Park, San Francisco, during the first two weeks' showing of the famed Hapsburg Art Collection. This will be the only showing west of Chicago of the collection which attracted hundreds of thousands of visitors in Washington and New York.

The group of 132 paintings and more than 170 examples of decorative arts including tapestries, arms and armor, and goldsmith's work is on loan from Vienna museums.

The collection, described by Museum Director Walter Heil as the finest ever to come to America — even greater than the German art exhibited here last year — will be on display until October 1.

Included in the exhibition are 12 paintings by Titian, eight by Rubens, and five court portraits by Valesquez. The Benvenuto Cellini salt cellar, only large piece of gold work known to be entirely of his making, is an ornate piece about 10 by 13 inches. Among tapestries are some of the finest hangings woven in Brussels in the 16th century. Arms and armor range from the late 15th through the late 17th centuries.

Shribers Entertain

Mr. and Mrs. Milton Shriber entertained some 40 persons at their Brookside home last Sunday, in honor of Dr. and Mrs. Dan Easton.

National Guard Seeks 1,665 Men

A vigorous but "highly selective" campaign to fill up the ranks of the California National Guard has been ordered by Major General Curtis D. O'Sullivan, California's Adjutant General.

Now attending Guard encampment at Camp San Luis Obispo in his capacity as commanding general of the 49th Infantry Division of Northern California, he said that he has ordered the immediate recruitment of 1,665 men, which will bring the California National Guard up to its full authorized strength.

Marine Reserve Vets May Apply for Duty

Veterans who are members of the U. S. Marine Corps Reserve, holding the rank of Sergeant or below, may now apply for one year of active duty, according to word received here today from Marine Corps Headquarters, Washington, D. C. Marine reservists desiring active duty must be able to meet all current enlistment requirements.

NAVY OFFICERS

Applications for active Navy duty for officers will be accepted in the following classifications: Officers; unrestricted line, both Aviation and Non-aviation, Supply Corps, Dental Corps, and Civil Engineer Corps in the grade of Lieutenant Commander and below; Medical Corps and limited number of Line who are Electronics, Communications and Intelligence specialists in grades of Commander and below.

Applications should be forwarded direct to the Chief of Naval Personnel by letter or telegram. (Attention PERS B-11), with copy to Commandant 12th Naval District.

OPEN EVERY SATURDAY UNTIL 3 P.M.

Amidon Attends Army Intelligence Class at Presidio

Maj. Roger Amidon of Upper Happy Valley was among the 50 Northern California reservists, all war-trained Intelligence specialists, who met Monday at the Presidio of San Francisco, for a two-week course of instruction on such subjects as: "Prisoner of War Interrogation" and "Evaluation of Combat Reports."

This course of instruction, the first of three to be held in this area, is presented by reserve officer graduates of the Command and General Staff College, Ft. Leavenworth, Kansas. Purpose of the course is to provide selected specialists with intelligence methods currently employed by the Army during battle operations.

Orinda's Younger Set Has New Round Of Pleasure-Filled Birthday Parties

Barbecue, swimming, weiner roast, merry-go-round — these are some of the activities with which Orinda youngsters have recently celebrated their birthdays, to their delight and that of their guests.

Here are some of the parties which have kept the younger set enjoyably busy:

HEIDI DEVIN

Heidi Devin was hostess to a group of her friends for a barbecue supper and television party at her home on Jonas Hill Road on July 6, in honor of her 10th birthday. Her guests included her sisters Mary Lou and Priscilla, and Gail Dinwiddie, Ann and Dorothy Reilly, Mary Dean, Penny Marsh, Linda Axelson, Jody Gompertz, Jane Knudsen, Diane Nielsen, Virginia Stahle, Becky Harris and Sally Johnson.

BILLY SCHWARCK

Billy Schwarck celebrated his sixth birthday on July 7 with a swimming party and picnic lunch at Orinda Park Pool. Invited to join with him were his brother Jeff, Tommy Rodgers, Donna Stahle, Linda Van Sickle, Jimmy Pedder, Scot McFarland, Holly Hall and Billy's cousin, Bonnie Brooks.

BRUCE HILGER

A weiner roast and merry-go-round rides highlighted Bruce Hilger's ninth birthday party held at Tilden Park on July 11. His guests included his brothers Bill and Dean, Mike Bigler, Jeff Schwarck, Sheri Elder, Heidi von Guenthner and Bobby Courant.

D'ANN, LAURIE CHRISTIE

D'Ann and Laurie Christie were hostesses last Sunday at a combined birthday party celebrating their respective seventh and fifth birthdays. Guests who enjoyed luncheon and swimming in their pool were their brother Walter Eric Jr., Marian Oakley, Mary Moorehead, John and Virginia Klee, Dean and Bill Hilger, Jimmy Gilwee, Ted Brock, Reid Joiner, Mike Bigler, Cherie Sharp, Linda Bargones, Susan Gloy, Dickie Miles, Diane Hull, Caryn Anderson and Ann and Roger Chickering. Assisting D'Ann and Laurie's parents were Mrs. Christie's sister, Mrs. Dorothy Joiner, and mother, Mrs. Charles Reid, and Mr. and Mrs. Roger Chickering from Berkeley.

DICKIE MILES

Dickie Miles' seventh birthday was celebrated July 11 when he entertained a group of his neighborhood friends for supper and games at his home on La Plaza.

MATT BROTHERS

Matt Brothers' ninth birthday was the occasion for a party at his home on July 10. Enjoying games and refreshments with him were Mike Bigler, Bruce Hilger, Douglas Moorehead, Bobby Courant, Donald Granberg, Charlie Ward, Fred Whitman.

Edmundson Is Hurt When Truck Skids, Overturns

John Edmundson of Valley View Drive, Pleasant Hill, was in Herrick Hospital, Berkeley, this week, recuperating from a bruised back suffered when the truck he was driving turned over at Reliez Station Road near the Sacramento Northern tracks.

Accompanied by Fred Salmen, an employe, Edmundson was returning home on a recent evening from the Lafayette Rental and Supply Company, in which he is a partner, when the truck skidded on newly-laid gravel and overturned. Salmen received minor bruises. Edmundson was driving around the turn when the accident happened.

More Winners Listed For Kids' Pet Show

In last week's story, "Children Stage Pet Show, Circus," the fact that Dick Allen's horse, Julia, won second place, and Patsy Steven's kitten won third place, was omitted.

Rev. Fred Morrow Officiates at W.C. Nuptial Ceremony

Harrel Cohn and Beverly Guillory, both of Walnut Creek, were married last Sunday at the Chapel of the Flowers in a beautiful wedding ceremony in which the Rev. Fred Morrow of Orinda Community Church officiated.

The bride wore a white lace dress of ballerina length, a white lace juliet cap and a finger tip veil. She carried a white fan lace trimmed with a removable white orchid with a fuchsia throat in the center of it and surrounded by clusters of white stephanotis.

Maid of honor was Gerri Guillory, and the three bridesmaids were Doris Geerdtf, cousin of the bride; Audrey White of Napa, a cousin, and Audrey Parkel of Walnut Creek.

Best man was Ronald Boresand. The three ushers were Russel Santof of Richmond, Richard Jenkinson of Oakland and Milo Neldam of Orinda.

About 200 attended the wedding reception held in the Claremont Club, Berkeley. The couple will live in the Acalanes area.

Relief Described As Sound Business

County relief cases actually pay back a share of their cost to the county with in-lieu-of-taxes payments on their housing project rent, Sigmund Mahler, executive director of the Housing Authprity of Contra Costa County, explained to Martinez Chamber of Commerce Directors' meeting this week.

This is in contrast to the 100 per cent burden they remain to the county in their valueless, tax-free slum shacks and cabins, Mahler pointed out.

"It is good business to help these people help themselves," declared Gerould Gill, chairman of the Authority, who also spoke. "The merchants in the area are the first to benefit when the underprivileged citizens are turned into producers, and above all, consumers. And the first step in that direction is to adequately house, protect, maintain and encourage them in clean, dignified surroundings."

Here and There in Orinda

Mrs. M. Bonds Is Vacationing at Cal Alumni Camp

Enjoying a family-style vacation this week is Mrs. Marvin T. Bonds, 11 Oakwood Road, at the University of California's alumni camp, the "Lair of the Golden Bear" at Pinecrest, 165 miles east of Berkeley at an elevation of 5400 feet.

This unique recreation spot for graduates features campfire discussions by Cal professors as well as all the usual resort activities, such as swimming, boating, fishing and hiking.

In the community dining hall meals are served family-style and accommodations include cabins and wood-floored tents.

Mrs. Lyle York Home After Visiting Mother

Mrs. Lyle York has returned from a week in Sacramento where she visited her mother, Mrs. Loomis Ward, a former Orinda resident.

Shurtleffs Start Work On Home in Lafayette

The Lawton Shurtleffs have started construction on their new home in Glenside Estates in Lafayette.

Dr., Mrs. Lamb, Sons Living on Their Boat

Dr. and Mrs. Woodburn Lamb, with Freddie and Peter, have been spending the past two weeks on their boat.

Brookes Buy Home

The Val Brookes are the new owners of the Walter Wood home on Sycamore Road.

H. C. Fries Dies After Long Illness

H. C. Fries, well-known resident of Lafayette for the past decade and co-owner of the Plaza Cleaners, died Monday morning at Martinez Community Hospital after a lingering illness, at the age of 65. Masonic services were held at 1 p.m. yesterday at the Golden Gate Mortuary Chapel, 1550 California Street, San Francisco.

Survivors include two sons, Jack O. Fries, mayor of Martinez, who was a partner with his father in the dry cleaning business in Lafayette, and Earl L. Fries of Lafayette, and a granddaughter, Lorraine Fallon Fries.

Fries was a native of San Francisco. He belonged to a San Francisco Masonic lodge. His wife, Adele, died over a year ago.

75% More Vets Get Farm Funds

The volume of low-cost farm and home financing for California veterans under the state plan amounted to 75 per cent more during the past fiscal year than it did during the preceding 12-month period, it was reported by State Director of Veterans Affairs D. J. Callaghan, Jr.

For thee 1949-50 fiscal year, the Farm and Home Purchase Program added 8,072 new contract-holders. The Department of Veterans Affairs advanced a total of $56,830,029 to these veterans for property purchases.

Bardens' Journey To East Combined Business and Fun

Lance Barden, Dorothy and Steven left Orinda in May for what was a business trip for Barden to Washington, D. C., on his annual Federal Credit Union business there, and a visiting and sight-seeing occasion for wife and an opportunity for Steven to attend almost a month the very fine modern Richmond Junior High School in the downtown southwest section. This he enjoyed immensely, and he felt he learned a lot.

Steven was surprised to be received and treated so cordially and kindly. He says that in all classes the day was begun with reciting of the Lord's Prayer or the 23rd Psalm. In his French class these were said or sung in French.

While in Washington the Bardens took weekend trips to Arlington and Williamsburg. They spent three days sight-seeing in New York and then went on to show Stevie Niagara Falls.

D.A. IN PITTSBURGH

In Pittsburgh they visited Mrs. Barden's sister and had the thrill of seeing her, as assistant district attorney, address the jury which the same day returned a verdict of giulty to three brothers of a notorious gang of bank robbers.

In Chicago they called on the George Mulligans, who all said they wished they were back in Orinda. At Clear Lake in northern Iowa Mrs. Barden visited her birthplace and cousins.

They visited Barden's birthplace in southern Iowa.

PATIOS LOVELY BUT—

Mrs. Barden said everywhere gardens and patios were very lovely, but that the easterners did not sit and eat in them as we do here, but enjoyed them only from their porches, where insect pests could be controlled.

Yellowstone Park was their last visiting spot, for they had begun to get homesick for Orinda, which they reached July 7.

Buchanan Field Getting Set for Anniversary Fete

With the Fourth Anniversary of Buchanan Field only one month away, the committee is working hard to wind up the many details that go into putting on a gigantic show of this type.

Letters have been sent or are being personally delivered to merchants and civic clubs throughout Contra Costa County asking them to become a sponsor and donate either cash or merchandise. Names of all donors will be listed in the Free Souvenir Program. Anyone not contacted but wishing to donate may do so by contacting Fred Anthen of Concord, Jack Davi of Martinez and Pittsburg, Bob Miller of Richmond or Airport Manager Noble Newsom, Jr. of Buchanan Field.

As in the past, tickets will be given to everyone entering the 537-acre county-owned airport. Prizes of donated merchandise will be awarded throughout the entire day-long program.

Already the committee has received word from the Marine Corps, Navy and National Guard that they will participate. In addition, a Hiller 360 Helicopter will put on many demonstrations, as well as give passenger rides. Those who have never ridden in a helicopter are in for the thrill of their life.

Cloudburst Adds Drama to Smiths' Camp Vacation

Mr. and Mrs. Arthur Smith had a fine vacation fishing at Lake Kirkwood in the Kit Carson country of the Sierras. Smith caught his quota of trout in a country exceedingly wild and beautiful.

While they were camped, there was a terrific cloudburst, accompanied by hail and a dramatic display of thunder and lightning. For a few moments it threatened to wash down the camp tent and Arthur, out fishing, had to take refuge under a large fallen log.

Mary McFarland Guest Of Sandy at Echo Lake

Mary McFarland, daughter of the John McFarlands, is a guest of Sandy Miller at the Willard Millers' summer home at Echo Lake.

R. Smith on Business Trip to Mackinac Island

Ritchie Smith is on a two-weeks' business trip to Mackinac Island, Michigan.

Mrs. Ritchie Smith Flies Back from N.J.

Mrs. Ritchie Smith has returned from a two weeks' visit with her mother, Mrs. W. W. Calahan, in New Jersey, making the trip both ways by plane.

McAninch's Father Succumbs at Willets

Sheridan McAninch, late of Minneapolis, father of D. R. McAninch of 1 Haciendas Road, died in Willets, and was interred in Lafayette Cemetery last week.

Pleased t' Meet — It's Small World!

It's a small world, but sometimes it takes a big distance to get neighbors acquainted with each other.

Take the case of Les Sipes and Robert Whalen. As reported by The Knave in the Trib, these two met in the Baronoff Hotel at Juneau, Alaska, during a two-week training cruise of the Naval Reserve group from Treasure Island. Sipes, a Trib reporter, was covering the cruise. Robert Whalen is a young ensign.

When they introduced themselves to each other, they found that they had been living less than three miles apart for the past several years. Whalen is the son of Mr. and Mrs. Joseph Whalen of Lafayette, while Sipes' home is Walnut Creek. After traveling over 1,500 miles, they finally met each other!

Stephanie Jensen Now At Tahoe Summer Camp

Stephanie Jensen is at summer camp at Tahoe.

Drive very carefully — the life you save may be your own.

Family Reunion Marked Trip by Mrs. Ogden, Sons

Mrs. John Ogden and two sons Jack and Carl, who drove from Orinda May 31 for St. Paul, returned last Saturday. After visiting her parents, they all took a boat trip on Lake Michigan into Canada and on to Niagara. They then drove down the Catskill Mountains to Mohonk Mountain House, where they enjoyed a family reunion of 35 members of their family, including John Ogden, who flew there for the event.

It was while they were in New York and returning from a sightseeing trip to the Statue of Liberty that they met Mrs. Lance Barden and Steve about to board the boat to the island they had just left.

After a four days' visit in Washington, D. C., with an old college friend, Mrs. Ogden drove back to St. Paul for a visit of 10 days more with her parents, and from there drove home.

DeMaeyers Awaiting Completion of Home

The Leighton DeMaeyers are living in town, awaiting the completion of their new home in Orinda, which they hope to occupy shortly.

Rochesters Are Home

The Robert Rochesters have returned to their home on Camino Sobrante from a vacation at Twain Harte.

Ranch Life Enjoyed By G. Cullen Family

The Gerry Cullens enjoyed ranch life recently near Fresno, followed by a few days at Fort Bragg. Their trip combined vacation and business.

Carolyn Baker Improves

Carolyn Baker is recuperating at home after spending the 4th of July in the hospital with pneumonia.

Mrs. Week and Children At Ranch in Pope Valley

Mrs. Dick Week and her children are spending the summer on their ranch in Pope Valley. Mr. Week flies up and back in his plane to be with them on weekends.

The Meaning of Freedom

INDEPENDENCE DAY, July 4, and Bastille Day, July 14, are both reminders of great triumphs which mankind has won in the struggle for freedom of the individual.

Recently a popular writer expressed the urgency of a nation's love of freedom in these words: "If a nation values anything more than its freedom, it will lose that freedom; and the irony of it is that if it is comfort or money that it values more, it will lose that, too."

True freedom is spiritual and is God-bestowed and God-protected. Man, in the image and likeness of God, is spiritual and free here and now. The leaven of freedom has been working in the thinking of men during the centuries since Christ Jesus startled an oppressed people with the simple words (John 8:32), "Ye shall know the truth, and the truth shall make you free." Today, as then, there is need for men to understand, prove, and exercise their God-given freedom, a freedom which gives full dominion over the false beliefs of the carnal mind, freedom that awakens men from terrifying dreams of world unrest and war, greed and hatred among nations, poverty, sickness, sin, and death. . . .

It is the divine right of every individual to accept into his own experience the freedom and liberty that he is God-ordained to express as the perfect image and likeness of his perfect Maker, divine Mind. True freedom, divinely expressed in the experience of one individual, proves how freedom can be realized in the experience of a whole freedom-loving people, in fact by all mankind. . . .

Real freedom with all its spiritual benefits can come to an individual, or a nation, or the whole human race through demonstrable understanding of man's divinely ordained liberty. In a few simple lines in "Miscellaneous Writings" (p. 183) Mary Baker Eddy, the Discoverer and Founder of Christian Science, tells how this freedom is realized: "Man is free born: he is neither the slave of sense, nor a silly ambler to the so-called pleasures and pains of self-conscious matter. Man is God's image and likeness; whatever is possible to God, is possible to man as God's reflection."
